INFORMATION

1. Referendum- Worked with marketing within Recreation to get fliers. They were 500 for \$189.00. We need volunteers to help distribute them on Library walk. We are looking into whether we can display them at the access desk or not. We want to make sure and follow the rules exactly. Rebecca has set up a Facebook page event. It looks as though all the election platforms are supporting our referendum.
2. There is a budget committee meeting next week. Same place same time.
3. We have received 3 quotes for the automated lighting Watt Stopper (recommended by FM), Johnson Controls, and Touchplate. Touchplate is still the lowest cost. We may need to approve this via email vote.
